LinkedIn: www.linkedin.com/in/malek-arafeh   **Location**: Amman/Jordan

Summary:

A passionate and detail-oriented Software Engineer with a bachelor's degree in computer engineering. Experienced in full-stack web development, object-oriented programming, data structures, and algorithm design. Proficient in Laravel, PHP, JavaScript, SQL, and C++. Enthusiastic about solving complex problems, optimizing system performance, and building scalable applications.

Education:

Bachelor's Computer Engineering (09/2020 - 01/2025): I studied computer engineering from al Balqa applied university / faculty of engineering technology, graduated with a GPA of 3.16 (Very Good).

EXPERIENCE:

Internship in Manual and automation testing at Hussein Technical University (12/2024-Present):

- Conducted API testing using Postman, including request validation and response verification.
- Worked with Jira for bug tracking, test case management, and issue reporting.

Internship at Orange Academy (10/2024-12/2024):

- Collaborated with a team to design and develop web pages using the Laravel framework.
- Learned how to work with Business Model Canvas for analyzing and developing projects.
- Prepared and analyzed Software Requirements Specification (SRS) to ensure high-quality software requirements.

Skills:

Soft:

- Team collaboration.
- Time management.
- Passion to learn.

Technical :

- Problem solving.
- Object oriented programming (OOP).
- Data structures and algorithms.
- C++.
- Git

Languages:

- Arabic (Native)
- English (Intermediate)

Volunteer:

Member on IEEE Computer Society at Al Balqa Applied University branch
